

ST. PAUL, Minn., Oct. 10.—Gen. Bacon's orders for the movement of more troops to the vicinity of Leach lake took 90 men from Ft. Snelling on a special train Saturday night. Two companies of the 14th Minnesota volunteers are held at Duluth ready to start for points along the Foston line of the Great Northern, where the two batteries of militia artillery men have preceded them, and Sunday another company of the 14th, made up of 50 men from Company E, of Merriam Park, and 50 from the guard stationed in charge of Camp Vandusee, where the

the president's friends and family. Mrs. McKinley was accompanied by her sister, Mrs. Ida McKinley, and her friends, the family of Dr. Braunfeiler, who was called to take charge of Private John Barber, the sick soldier. President and Mrs. McKinley were first out of the car and were assisted by Mr. George R. Freese through the station to the carriage in waiting. As they stepped out of the car, they were uncovered and bowed silently to the passageway through which they passed. Mrs. McKinley was supported by the arm of the president with the care and close attention he always devotes to her personal comfort. He walked slowly to the carriage, his head bowed and his face a little paler than usual.

The president and party went directly to Barber and the other soldiers at Saxton homestead, and was the last home of the McKinleys during his visit.

PILLAGER INDIANS, WHO REVOLTED AGAINST GOVERNMENT'S AUTHORITY

ith it is to be mustered out, was ordered to take the 9 o'clock train Monday morning for points along that same route. The soldiers told them that the government of the Dutch sound was in charge of the boat. The soldiers saw which was left at Camp Vanduse when the men were furloughed. The government is particularly anxious about the danger to the dams at the headwaters of the Mississippi, only a small group having been sent to assist the soldiers with the Indians came on. By Monday night over 700 soldiers will be scattered all around Leech lake protecting settlers and property from the possible attack of the uncertain number of Indians now on the march against the government because they objected to being taken to court as witnesses in prosecutions for illegal selling of liquor to Indians.

St. Paul, Minn., Oct. 10.—A special train from Ferris, Minn., a small town north of Leach lake, says that here late Sunday evening of the killing of a white man near Bear Island during the day.

Settlers living near the Indian reservation are seeking shelter in towns along the railroad. A large band of Indians of about 100 were reported to Sunday evening camped within two miles of this town. Armed citizens are guarding the town expecting an attack during the night or early morning.

Indians professing to be friendly were at Graveland, one and a half miles west of here Sunday evening trying to

Flatmouth and his band of 40 Chipewas Indians may be on the war path before another day has passed. At the council to be held at noon Monday he will deliver a message asking that the troops be taken away from the agency and informing the authorities that in the event of a refusal to do this he will join the hostile Pellerin Indians.

The situation Sunday night was more ominous than ever. At the agency Sunday a council was held between the Indians, Gen. Bacon, Col. Harbach, Indian Agent Sutherland and Marshal O'Connor. The result of the conference was not in any way unlike that of those previously held, except in the fact that not one of the leading men of the different bands

There were, however, representatives present from Bear Island, Cam lake, Otter Tail point and Pina point but none of these has any influence with the tribesman. The only conclusion to be drawn is that the leaders of the different bands sent men there merely as stool pigeons and that others of their number are now preparing for

United States troops thereafter to land upon the reservation. If the troops land upon a point not inhabited by the hostile Indians, an attempt will be made to drive them off as soon as possible.

The man who gave this information is believed to be thoroughly reliable. He was seen at the conference with Gen. Bacon Sunday night.

That the Indians have been gathering for several days is a well-known fact, and it seems reasonable to suppose that they are gathering for an attack upon a body of troops at least 200 strong, as those at the agency are. Up to date the hostile Indians have made no move, and it is believed that there are no indications that they will do so and this bears out the fact that they will confine their hostilities to the reservation alone.

The Garrisons of the Numerous Towns in the Vicinity of the Capital to Send 500 Infantry Each.

PARIS, Oct. 10.—The government has issued special orders to the garrisons of numerous towns near the capital to send immediately to Paris 500 infantry each.

The Journal des Debats declares that these reinforcements will amount to 10,000 men. The paper expresses the hope that the country is not on the eve of a revolution.

All the troops will be supplied with two days' rations and 60 rounds of ball cartridge.

Sunday passed off quietly. President Faure, instead of visiting the races at Longchamps as he intended, prudently remained to shoot at Rabouillet, thus avoiding a demonstration.

The British Bine Book comments on the Fashonda affair shows that the situation between France and England is grave.

JACKSONVILLE, Fla., Oct. 10.—General orders were issued from corps headquarters Sunday for the movement of the 7th army corps from Jacksonville to Savannah. The movement is to begin as soon as the quartermaster's department can provide transport.

In northern cities, cases are awaiting the approach of cold weather.

The disease continues to increase steadily in Jackson, the state capital. Since September 27 there have been 41 cases, and 24 have died.

Only five deaths have been reported since the beginning. The majority of the Negroes are well and feel none the worse for their yellow fever experience.

At the same time, the white cases are still under treatment. Several are convalescent.

Hattiesburg and Lumberton, in the southern part of the state, have become the largest hotbeds. One of the latter, the largest river city, reports two cases of the yellow plague. Reports from Oxford indicate that the disease is slowly spreading and is becoming epidemic in the counties of Pontotoc, Starkville and Edwards report new cases. The situation at Watervally is unchanged.

**Formal Opening of the 27th Triennial Con-
clave at Midnight in Pittsburgh—The
Influx of Delegates Is Great.**

PITTSBURGH, Pa., Oct. 10.—Not in the history of Knight Templar conclaves, from 1810 to this day, has a conclave ever been opened on a more beautiful day than it was in Pittsburgh Sunday. The sun, after having been hidden behind rain-filled clouds for several days, burst upon the awakening city Sunday morning and threw his rays of smiles and admiration upon the festival array of streets and buildings, which made every one feel that this was an omen

The influx of knights, which commenced Saturday, continued during the day and up to midnight when the formal opening of the conclave was inaugurated with the festival sermon at the Trinity Episcopal church. There was a congregation assembled larger than this historic building has ever held.

The first formal event on the programme of the 27th triennial conclave of Knights Templar took place in Trinity Protestant Episcopal church. It was the official divine service of the Knights Templar and was as usual very impressive and largely attended.

Fever Patient Burned in a Church.
JACKSON, Miss., Oct. 10.—An unknown white man, stricken with yellow fever, who had taken refuge in a Negro church, was burned alive by the terrified people of the neighborhood Saturday. This is the gruesome story which came here Sunday night from Phillips, a small country town in LeFlore county, Miss., within 200 miles of the state capital. The man was said

in congress. Mrs. McKinley soon laid down for a little rest, and at 1:30 dinner was served to the family. Mrs. McKinley showed evidence of the sufferings from the shock and of fatigue from the journey, but bore up remarkably well and was able to be about the house.

The funeral arrangements of George Saxton were concluded soon after the arrival of the party. They are to be held from the Barber home at 2 o'clock Monday afternoon and will be private. Rev. O. R. Milligan, pastor of the First Presbyterian church, will officiate and the remains will be attended by Judge George E. Baldwin, Hon. William A. Lynch, Postmaster George B. Fresso, J. H. Kenney and Attorneys David E. Smith and James J. Grant as pallbearers. Interment will be in Westlaw cemetery in the Saxton family lot.

The train bearing the cabinet and

other officials from Washington to the Omaha exposition will arrive in Canton Monday evening, and about 9 o'clock the private car of the president will be attracted and the president will join the president-elect and the president-elect's wife, McKinley. It is not thought, will undertake the trip to Omaha, but will be with the president in Chicago. She will remain in Canton for several days, and more than likely go to Chicago with Mrs. Lafayette McWilliams and Mrs. W. D. Goodman, her cousins, who are expected to be here for the funeral service.

Sunday brought no new developments in the tragedy. Mrs. George remains in jail and has seen no one but Mayor Schuyler for the day. It was said by her for five minutes. She is to be arraigned at 10 o'clock Monday morning. The coroner will resume the taking of testimony Monday.
